DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 09 December 2004 has been entered.

Claims

2. Claims 17-27 and 29-36 are pending. Claims 1-16 and 28 have been cancelled.

Rejections Withdrawn

3. The 35 USC 112 rejection of claims 1-13, 15-27 and 29-34 is withdrawn in view of the amendments in the 09 December 2004 submission.

4. The 35 USC 103 rejection of claims 1-13, 15-27 and 29-34 as unpatentable over Chen (US 5,554,120) in view of Loontjens (US 6,288,980) is withdrawn in view of the amendments in the 09 December 2004 submission.

New Rejection

Claim Rejections - 35 USC § 112

5. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

6. Claims 17-27 and 29-36 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

This is a new matter rejection. The examiner is unable to find support for the expression "without remelting the composition" in the specification as filed.

Please cite passages in the original disclosure that support this phrase or delete it from the claims.

If the quoted language is deleted from the claims, the 35 USC 103 rejection withdrawn above may be reinstated. Applicants have stated, on page 5 of their 09 December 2004 response, that they intend to submit a comparative showing to overcome that 103 rejection.
